

IN MEMORY

JIMMIE GRAHAM FEB. 26, 2011, 68 yrs.

Services at Chapel of the Chimes, 32992 Mission Blvd., Hayward

Tues. 8th @ 1pm

Jimmie started at SLAC as a contract inspector in the Klystron Department in August, 1995, coming on staff September, 1998. Prior to working at SLAC he had twenty-four years of inspection experience at various companies in the Bay area, including UTC, FMC and Caterpillar. He had a colorful past of varied interests. He played football for Bill Walsh at Washington High School, was in a high wire act in the circus, was a Military Policeman in the army and participated in body building competitions.

After being laid off in June, 2009, Jimmie and his wife enjoyed semi-retirement with frequent trips to the Monterey area and Wine country. Residing in Fremont, CA, one of their favorite places was Pacific Grove.

He returned to work for the Klystron department as a fixed term employee until his passing. He and his lovely wife, Cookie, were married almost fifty years. He is also survived by a son and daughter, Jeff and Pamela.

Jimmie was the kind of employee any supervisor would value. He was very punctual and hard working, but most of all he had an optimistic attitude. Everyone liked working with Jimmie as he kept things on a positive note. Lord knows there is much to complain about these days but Jimmie always had a smile on his face because he was glad to see "you".

Gardening was a real passion for Jimmie. One would often see him reading his Sunset gardening magazine during lunch breaks. Jimmie will be sorely missed leaving a large void here in the Klystron group. He was always the first one in, ready to greet you with a pot of coffee and his big smile. Lou Garcia
